HEAVY FIGHTING ON THE FRONTIER

Germans Throw Greatest Weight on Extended Allies' Line

SWEEP OF CAVALRY.

Terrible Carnage Result of Struggle —Heavy Artillery And Machine Guns Used by Allies.

Paris Sept. 3—The heavy fighting on the French frontier today is that in which the French left and the German right are still engaged, the Germans throwing their greatest weight on an allied line that extended, roughly speaking from just south of Montdidier to Roye and to Noyon.

The German cavalry had swept south to the neighborhood of Compiegne and Oissons and has been engaged for forty-eight hours with the united British-French cavalry divisions. This fighting covers a wide stretch and is reported to be chiefly of a skirmishing nature.

The fighting between Montididier, Roye and Noyon is of the most sanguinary character. The allied line is very strongly stretched and is heavily supported with artillery and machine guns. It is admitted at the war office that the Germans have brought many fresh troops into action and it is considered inevitable that a new line is being formed on which the allies will fall back.

Although, because of the enormous pressure from the German fight, the retreat of the allies has been faster than was originally anticipated, it is explained today that the French-British position is stronger than it was three days ago, Fresh troops have been detached from the extreme French right and, with reserves, they are now supporting the troops that have been bearing the brunt of the fighting since last Saturday.

The next forty-eight hours probably will prove insofar as the actual fate of Paris is concerned, if the Germans can push forward as far in that time as they have in the last two days, they will be in contact with the outer lines of the capital's defenses.

It is considered certain that the allied lines will eventually have to fall back to the Paris fortifications. Already there is discussion of the final line of occupation. So far as outward indications are concerned, the final line of defense will be extremely advantageous to the allies.

FIGHT IN THE AIR.

Thrilling Spectacle Over Paris Yesterday Evening.

Paris Sept 3—A fight in the air over Paris took place yesterday evening. Three German aeroplanes hovered over the capital, and immediately two French machines were sent up to engage them.

Meanwhile, rifles and machine guns mounted on public buildings kept up a constant fire. By this means one of the German machines became separated from the others, and the French aviators flew swiftly in its direction. The German opened fire, to which the Frenchmen replied vigorously.

The engagement seemed to turn to the disadvantage of the German, who mounted speedly to a higher level, and, holding this position, was saved from further attack. He finally disappeared in a northwest direction over Fort Bonnetville, after a vain pursuit.

The other German aeroplanes also escaped the fire of the guns, and, after circling about for 45 minutes disappeared from view.

PROGRESS OF THE WAR.

French Government to be Moved From Paris to Bordeaux.

Paris Sept 3—A proclamation has just been issued by the government announcing that the government departments will be transferred temporarily to Bordeaux. The proclamation was issued by the minister of the interior, who said the decision had been taken solely upon the demand of the military authorities because the fortified places of Paris, while not necessarily likely to be attacked, would become the pivot of the field operations of the two armies.

The Paris bourse was closed yesterday. The building of supplementary defense work is proceeding vigorously. Several gates of Paris were closed to traffic last night.

New York, Sept. 3—A Washington dispatch to the New York World says: With 600,000 vetran troops mobilized and ready for instant action, Turkey has declared war on the allies. Authentic word to that effect was received here today, it was said on the highest authority. The same authority declared the first move of the Turkish campaign would be directed simultaneously against Russia and England.

Washington Sept. 3—American manufacturers have contracts to supply $20,000,000 in arms and ammunition to certain European belligerents, Count von Bernstorff German Abassador here, asserted last night on his return from New York. The Ambassador said he did not know if any violation of neutrality were involved, and was not yet in a position to say whether or not the matter would be called to the attention of the American government. Count von Bernstorff, will see the President today, his first visit to the White House since his return from Germany.

Emigrants from Crepy-en-Valois in the department of Oise, 23 miles southeast of Compiegne, report that the Germans were crushed near there, and that piles of bodies were lying a yard high. A sergeant wounded in the neighborhood of Compiegne declares he witnessed the annihiliation of an entire German division by the French artillery.

FRANCE LOOKS TO ITALY.

Appeal to That Nation to Come to the Rescue.

Paris, Sept. 2.—That the French look to the Italians to stay the hand of the Germans if their own forces and those of Britain fail is shown by the following manifesto, published here:

The Germans are making a supreme court to capture Paris. It is possible that they will gain their end. But that will prove nothing and will not terminate the struggle.

If the clash of arms turns against us for the moment, we are certain that the Italian government has made representations to Germany to prevent at Paris a repetition of the horrors of Louvain.

An ultimatum, the terms of which are already drawn up, will show to the Kaiser at the porper time that the whole of Italy intends to oppose by force the advance of the vandals.

DELLA CHIESA ELECTED POPE

Was Assistant to Cardinal Merry del Val, Secretary of State.

WILL BE BENEDICT XV

Successful Candidate Was a Dark Horse. And Proved a Surprise to Papal Delegation.

London Sept. 3—Dispatches received here declare that Cardinal Della Chiesa has been elected Pope to succeed Pius X.

Cardinal Della Chiesa was assistant to Cardinal Merry Del Val, secretary of state under the late Pontiff. He is an Italian, and is archbishop of Bologne.

The new Pope will assume the name of Benedicte XV.

The election of Cardinal Della Chiesa came as a surprise to the papal legation. He was a "dark horse" candidate. This elevation to the red hat came within the year and he has not yet been even listed in the year book of the hierarchy.

Cardinal Giacono Della Chiesa was created a cardinal Mhy 25 1914

He was born at Pegli in the diocese, of Genes, November 21, 1854 and was ordained a priest December 21, 1878. He served as secretary of the nonclature in Spain from 1883 to 1887, in which year he was appointed secretary to the late Cardinal Rampolla.

He is one of the most recent additions to the Sacred College, having been made a cardinal by Pope Pius at the last consistory in May.

The election of Cardinal Della Chiesa as Pope would indicate a continuance of the policies of the late Pontiff and Secretary Merry Del Val. He is on good terms with the Quirinal and through him the dream of Pope Pius for the ending of the long quarrel between the Italian government and the Vatican might be realized.

Two Ships Flounder.

London Sept. 3— 2:10 a.m.—The Swedish steamer St. Paul during the voyage from Gothenburg struck a North sea mine, Wednesday and foundered. The crew of twenty-five men marvelously escaped injury and got away safely in the ship's lifeboat. The ship was a coal carrier.

The steam drifter Eyrie, engaged in mine-sweeping operations in the North sea, struck a mne yesterday and went to the bottom in three minutes. Six members of her crew are missing; five were saved.

Telegraphing from Copenhagen, the correspondent of the Daily News says:

"Several private motor boats have left for Cape Skagen, Denmark to search for mines, which are dangerous to neutral ships. Persons arriving here from Reval, Russia, say that while crossing the Gulf of Finland on board a Russian ship they saw a mine explode about a mile and a quarter away. No ships were visible in the vicinity, and the captain of the Russian vessel suggests that the mine was detonated by some big fish coming incontact with it."

Japs Land More Men.

Chefoo, China, Sept. 3, 5:20 p. m.—Japan landed 4,500 additional men at Lungkow today. Of these forces 500 men are marines, the others being soldiers.

Lungkow is a new Chines port, situated 100 miles north of Asingtau, in Kiaochow.

Between 10,000 and 15,0000 Japanese troops had been landed at Lungkow previous to today. The Japanese control the telegraph lines out of Lungkow.

Richmond, Va., Sept. 3.—The afternoon papers today print a statement in which the announcement is made that Governor Stuart will vote for local option and against state-wide prohibition. KILL THEIR OWN WOUNDED

Belgian Senator Tells of More Cruelties Practiced by Germans.

London, Sept. 2.—The Ostend correspondent of the Express quotes Leon Hiard, senator of Hainault, as testifying that the Germans killed their own severely wounded on the battefield, only attending those who would soon recover.

There are many signs, according to the dispatch that the Gemans suffered heavly at Mons. Returning remnants of those who were in the fight spoke bitterly of British courage. One force of 260 British, it is stated, must have accounted for thousands of Gelmans. All along their line of retreat they had prepared a defence made with bags full of potash, found in a neighboring factory. Through these were placed Maxims and on top German helmets. The first time the Germans came up to this seemingly friendly line the Maxims spoke and soon no Germans were left.

Mons is reported to have suffered heavily and its whole neighborhood has been devastated.

AUSTRIANS LOSE AND FALL BACK

Second Stand May be Made Along Defenses of San River.

HEAVY CASUALTIES.

Five of Crack Austrian Corps Practically Annihilated—Ammunition And Equippage Captured

Rome Sept. 3, 8:40 a.m. (by way of Paris, 2:45 p.m.)—The Russian embassy has been notified that the Austrians were overwhelmingly defeated near Lemberg, losing more than 100,000 men and 57 cannon.

The occupation of the city of Lemberg was said to be imminent.

The official report to the embassy from Petrograd says that Russian troops are triumphantly marching on Lemberg, repulsing the Austrains all long the line. The fighting has been on a gigantic scale, 800,000 Russians being engaged against 600,000 Austrians.

If all indications do not fail, the report from the Russian capital continues, the Russians will be definitely victorious, and as a result the roads to Vienna and Berlin will be open to the Russian armies.

St. Petersburg, Sept. 3—Routed with very heavy losses, the main Austrian army was reported today falling back in disorder on its first line of fortifications behind Lemberg.

It is believed a second stand will be made along the defenses of the San river, with the headquarters at the fortified positions of Przemysl and Jaroslav.

The reserve Austrian line was reported to extend from the Carpathian mountains, between the headwaters of the Dneister and the San nearly to Annopol.

The Austrian left in Russian Poland was the only part of the line that has held, and it was today being subjected to enormous pressure, heavy re-enforcements having been sent to the army operating against it.

As a result of the last eight days of fighting, five of the crack Austrain army corps, the Third, Seventh, Eleventh, Twelfth, and Fourteenth have been practically annihilated. Their reserve supplies of ammunition, 150 guns of all calibers, field equipment, and field supplies of all descriptions have been captured. Thousands of prisoners including many officers of high rank have been captured.

The German garrison of Koenigsberg attempted a sortie in force against the Russian forces which have isolated the citadel. They were driven back with very heavy losses The official reports issued today described the situation everywhere as "satisfactory"

BE CAREFUL IN SEPTEMBER.

Health Authorities Urge Special Precautions Against Late Outbreaks of Typhoid.

Richmond, Sept. 3—With the prospect of hot weather for at least three weeks more, the State Board of Health has issued a summary of the typhoid situation in Virginia and made a special appeal for sanitary precaution during Sptember.

Preliminary reports for typhoid in August received thus far at the office of the board indicate a probable increase over the figures, for July, This, however, is usual and was fully anticipated. Officers of the board believe that if the people continue their precautions against typhoid until the end of the heated season, they will establish a new low record for the State.

One particular cause for gratification in State circles is the fact that only two typhoid outbreaks of any proportions have been reported to the State Board of Health during the summer. One of these was not serious and the other was handled as promtly as possible. In most communities where scattered cases of typhoid were found, investigation showed that the disease had been carried by flies. Both the larger outbreaks were water-borne and occured in localities where the board had previously made urgent recommendations for improvements in view of the known dangers of the water.

In its weekly bulletin, the Board of Health reviews these conditions and adds: "For some reason, many people seem to think that with the coming of September, typhoid fever cases to be as serious a menace as during the early months of summer. Precautions are relaxed and vigilance gives place to carelessness. The records of health work in the State show this idea is entirely fallacious. Hot weather often continues unabated until almost the end of the month and typhoid is as bad during September as at any time during the year All the conditions which favor its spread remain as during midsummer, and precautions should be taken accordingly. The board cannot too strongly urge on farmers and householders the necessity of so disposing of filth and body wastes that cannot in any way be reached by flies or domestic animals or get into food and drink This rule should be followed all the year but it is particularly important during the season when typhoid is to be found in many communities."

PREPARE TO LEAVE FRENCH CAPITAL

Temporary Seat of Government Will be Placed at Bordeaux.

REMOVE WOUNDED.

All Frenchmen Called Upon to Endure And Fight—Immediate Attack Upon Paris Not Expected.

Paris Sept. 3—Active preparations are going forward today for the removal of the seat of government from Paris to Bordeaux. All government departments are to be immediately moved and members of the chamber of deputies, not at the front, arranged to accompany President Poincare and other offeials to the new temporary capital.

Many wounded have been brought into Paris from the front, and it is understood they will be moved from the city, probably to be taken to Rennes and Nantes.

The real seriousness of the situation has been more thoroughly impressed upon the French by the announcement of the government, by an official proclamation calling upon all Frenchmen to "endure and fight," and declaring that the action was taken for purely military reasons.

The proclamation declares latest indications are that it is unlikely Paris will be immediately attacked but as the city will become the pivot for operations of the allies against the Germans it was deemed prudent to transfer the seat of government, so that it may remain in contact with the entire country while the defense of Paris is conducted with the utmost vigor.

ELECTION AT ROME.

Cardinals on Third Ballot Fail to Choose Successor to Pope Pius X

Rome via Paris Sept. 2.—The Sacred College of Cardinals assembled at 10 o'clock yesterday morning for the third ballot in the Papal election but little more than an hour later smoke issuing from the chimney of the Sistine Chapel revealed to the anxious throng in St. Peter's Square that an election had not been accomplished and the ballots were being burned in accordance with tradition.

Paris Sept. 2.—A Rome dispatch to the Havas Agency quotes the Giornale d'Italia as saying that in two ballots taken at the Papal conclave Tuesday Cardina Peter Maffi Archbishop of Pisa had 30 votes indicaing the firmness of his partisans.

HELD FOR GRAND JURY

Case of Charles Wright, Charged With Assault, Before Police Court This Morning.

Most of the time of the Police Court this morning was consumed in the investigation of the case of Charles Wright, aged 64 years, who is charged with improper conduct toward two little girls—Marian Dudley, aged eight years, and Grace Gardner, aged six years.

The accused was represented by Robinson Moncure, and besides the children several other witnesses were placed upon the stand.

Dr. S. B. Moore testified to the condition of the children, although his evidence was to the effect that neither of the children, was seriously injured, but they were not in their normal condition. The doctor was unable to say that their troubles were from natural or unnatural causes.

The complainants told their stories in childish language, telling the day and hour of the alleged offenses. It was, however, stated by George Sutton, engineer at the Mutual Ice Plant where Wright is employed as fireman, that he was on duty at the time of the alleged offenses.

Wright took the stand and denied the allegation.

While according to the law, a conviction cannot follow upon the unsupported testimony of the complainant alone in such cases, certain evidence, regarded as material by Justice Caton, was sufficient to cause him to hold Wright for the action of the grand jury.

MADE FOOTBALL OF HAM.

Bag of Sawdust on King Street Causes Some Merriment Yesterday.

A bag similar to those in which sugar-cured hams are generally enclosed, but which had been filled with sawdust for the purpose of having it used as an advertisement for a fancy brand, was placed on King street between Washington and Columbus yesterday afternoon by a grocer who is a practical joker. It had not remained long in the thoroughfare before a wagon proceeded up the street. The driver supposing a ham had dropped from a passing vehicle, made a quick descent. The weight of the bundle showed that he had been sold, and he quietly replaced the ham in its original position. Several other persons in passing made a descent upon the supposed prize until a man, exasperated upon finding himself the object of ridicule by numbers who were watching the bag, made a football of the bundle. It was soon kicked to pieces.

Miss Madeline Martin, Attractive Young Girl is the Sixth Victim in Present Epidemic.

Typhoid fever, which is raging in Alexandria, claimed another death this morning, bringing the number of fatalities up to six since the commencement of the summer. The latest death from the fever is that of Miss Madeline L. Martin, daughter of Captain W. L. Martin, which occured at the residence of her father at 609 North Columbus street at an early hour this morning. Miss Martin was 19 years old and an unusually bright and attractive young woman. She was a member of the 1914 graduating class of the Alexandria High School and was prominent in the High School Literary Society and other school activities. She was taken ill with typhoid four weeks ago and from the commencement of her illness her condition has been regarded as serious.

Although one new case of fever was reported today the progress of the epidemic is believed by the health officers to be nearing its end. Nearly all of the cases are reported as improving.

SECOND TERM FOR WILSON.

The announcement made by Vice President Marshall that Woodrow Wilson will be a candidate before the next democratic convention for nomination for a second term but confirms what the mass of democrats had uttered before. Coming, however, as it does from Mr. Marshall it gives it more of an official nature. Mr. Marshall says the renomination and election of Mr. Wilson is inevitable.

The present incumbent of the White House has had much with which to contend during the year and a half he has been in office, and in every emergency has proved to be the right man in the right place. Many representative republicans have been quick to acknowledge this. His genius as a diplomat during the Mexican troubles has been recognized, and at this time, while war is speading over the old world, he has shown himself to be a safe pilot of the ship of state.

The Philadelphia Record says:

"Vice President Marshall may or may not know the present intention of President Wilson regarding a second term. There is no question, however, that he voices the present Democratic sentiment when he intimates that if Mr. Wilson will consent to again lead the party in the 1916 Presidential race all others who may have aspirations in that direction may as well take down their lightning rods and store them until 1920.

"Long-established usage entitles Mr. Wilson to a second nomination, and in the critical situation in which the world's affairs are now, and are likely to remain for two or three years, the country is pretty certain to regard it as imprudent to change Administrations.

"There are, however, positive as well as negative grounds for the reelection of the President. The Mexican situation has afforded an extraordinary vindication of his judgment, his clear-sightedness and his statesmanship. The Underwood tariff is rapidly vindicating the Democratic party. The new currency bill, a task which the Republican party shirked for 15 or 20 years, has the hearty approval of the whole business world. The policy of the Administration toward the Trusts leaves no doubt of the rigid enforcement of the laws without warfare upon business, or, in the President's own language, running amuck.

"Mr. Wilson has the confidence of the country, and the enthusiastic admiration of almost his whole party, and there is scarcely a doubt about his succeeding himself."

Druggists E. S. Leadbeater & Sons Give Reasons for Selling at Half Price.

It isn't often that we have faith enough in the medicines put up by other people to be willing to offer to refund the money if it does not cure said Druggist E. S. Leadbeater & Sons to one of their many customers, but we are glad to sell Mr. Howard's remedy for constipation and dyspepsia on that plan.

The Dr. Howard Co in order to get a quick introductory sale authorized us to sell the regular fifty cent bottle of their remedy for half price, 25 cents and although we have sold a lot of it, and guaranteed every package not one has been brought back as unsatisfactory."

We are still selling the specific at half-price, although we cannot tell how long we shall be able to do so. Any person who is subject to constipation, sick headache, dizziness, liver trouble, indigestion, or a general played out condition, ought to take advantage of this opportunity. If the remedy does not cure them, they can come right back to our store and we will cheerfully refund their money.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

WAR AND COFFEE

All the Coffee consumed in America comes from foreign soil, and is transported to the United States in German and English vessels. In fact foreign counties supply the world with Coffee and their import trade at the present time is at a standstill on account of the great European war.

The Coffee held in warehouses in America is at the lowest ebb, and there seems but little chance in the near future to import Coffee in great quantities.

Up to the present time there has been no advance in the price of Coffee in our stores, altho practically throughout the country the prices of all foreign product have increased tremendously.

Our price on Coffee will remain unchanged until our supply is exhausted.

HIGHER TAXES CERTAIN UNDER STATE-WIDE PROHIBITION

State of Virginia Will Lose Three Quarters of a Million Dollars Every Year by the Experiment

This Loss Can Be Covered Only by an Increase of Taxation and Farming, Mining and Mineral Lands Will Feel It Heaviest—Not a Good Time to Increase Taxation.

State-wide prohibition, wherever tried, has produced two disastrous results. One of these is increased taxes; the other damage to the peace and morals of the State. If Statewide prohibition would add anything to the morals of a State, there would be some argument for people to tax themselves to sustain it; but, inasmuch as it does not improve moral conditions, does not reduce the consumption of stimulatng beverages, does not add anything to the sum of human happiness it is a diffcult thing to convince the public that it is a wise measure.

The people of Virginia have object lessons all around them as to the effects of State-wide prohibition. North Carolina, Tennessee, Georgia and Alabama have tried it, and taxes were increased in all of them. Alabama was wise enough, after giving State-wide prohibition a fair trial, to return to local option as the better temperance measure. North Carolinians are paying more taxes now than they paid under local option. Tennesseeans are paying more. In fact, every State that has tried State-wide prohibition has been forced to increase taxation in one way and another to make up the loss of revenue that followed.

AND WHILE THIS INCREASE IN TAXES HAS INEVITABLY FOLLOWED THE ADOPTION OF STATE-WIDE PROHIBITION, NO IMPROVEMENT IN MORAL CONDITION HAS RESULTED. AS A MATTER OF FACT, PUBLIC AND PRIVATE MORALS HAVE BEEN DAMAGED BY STATE-WIDE PROHIBITION IN VIRGINIA'S SISTER STATES AS SHOWN BY INCREASED CRIMINAL CHARGES, MORE PAUPERISM, MORE GENERAL DISORDER, THAN UNDER THE LOCAL OPTION PRINCIPLE.

LOSS OF REVENUE IN VIRGINIA.

If State-wide prohibition is adopted September 22 the State Treasury will lose approximately $750,000 a year, or $1,500,000 for the biennial period. The report of State Auditor Moore for the year ending September 30, 1913 shows the following receipts from the liquor traffic for the year:

Derived from licenses	$538,000,00
And there was also derived from manufacture and sale otherwise at least	$200,000.00
Total	$738,000.00

This figure will be increased this year to fully $750,000, and probably more. Every dollar of this money will be lost to the State Treasury if State-wide prohibition is adopted, and your taxes will be raised to cover the loss. There will be no reduction in criminal charges, or in the cost of taking care of paupers and the insane. These charges have all increased under prohibition in North Carolina and Tennessee.

BOTH TENNESSEE AND NORTH CAROLINA ARE PAYING MORE MONEY TO PROSECUTE CRIMINALS NOW THAN THEY PAID UNDER LOCAL OPTION. THIS FACT IS SHOWN BY OFFICIAL RECORDS. In 1908, the last year of local option in Tennessee, the State paid $157,943.73 on account of criminal prosecutions. In 1913, after State-wide prohibition had been in effect four years, Tennessee paid $173,096.39 to prosecute its criminals, an increase under State-wide prohibition of $15,152.66 a year.

North Carolina has established four new districts, with their attendant costs, and a recorders' court to prosecute criminals, or at least to try criminal court dockets, since State-wide prohibition was adopted. The annual report of the attorney-general of North Carolina shows that all of the more serious crimes have increased since State-wide prohibition was adopted. These statements are based on official records.

Statistics from other States are of value only as showing to the people of Virginia that the claims of the National Anti-Saloon League that State-wide prohibition reduces criminal charges cannot be sustained by official records from North Carolina and Tennessee, two sister States that have adopted State-wide prohibition. THESE FIGURES SHOW, ON THE OTHER HAND, THAT STATE-WIDE PROHIBITION HAS HAD A BAD EFFECT ON PEACE AND ORDER IN THOSE STATES. NEITHER PUBLIC NOR PRIVATE MORALS HAS BEEN IMPROVED BY IT. THERE IS NO COMPENSATING BENEFIT TO SOCIETY FOR THE INCREASED TAXES

WHERE THE INCREASE WILL STRIKE.

OF COURSE, ALL TAXABLE PROPERTY IN VIRGINIA WILL FEEL THE INCREASE OF TAXATION THAT MUST FOLLOW THE ADOPTION OF STATE-WIDE PROHIBITION, BUT OWNERS OF FARMS, ORCHARDS AND TIMBER AND MINERAL LANDS WILL FEEL IT HEAVIEST. VALUATIONS FOR ASSESSMENT PURPOSES WILL BE INCREASED THROUGHOUT THE FARMING AND MINING SECTION OF THE STATE.

The National Anti-Saloon League of Westerville, Ohio, has been telling the people out in the country that the increase will be a pittance, but every farmer knows better. It is not a small matter to him to have his taxes increased, because he is paying now about all that he can without protest. And when it is a known fact that State-wide prohibition will be of no benefit to society, the taxpayer can, with all reason and justice, ask the National Anti-Saloon League of Westerville, Ohio, why he should vote to have his tax burden increased.

DANGER OF INCREASING TAXES.

Taxpayers know that even in the most prosperous periods it is not a wise thing to increase taxes, unless there is something to be made by it for the peace and morals of the State. Once taxes are increased it is very difficult to get them reduced. And a small increase for this thing and that amounts to much in the aggregate.

JUST NOW ALL OF EUROPE IS ENGAGED IN THE GREATEST WAR OF HISTORY. OUR GOVERNMENT MAY BE REDUCED TO THE NECESSITY OF INCREASING CERTAIN TAXES TO COVER THE LOSS IN CUSTOMS RECEIPTS. IF IT BECOMES NECESSARY TO INCREASE INTERNAL TAXATION, THE PEOPLE OF VIRGINIA WILL FEEL IT AS HEAVILY AS THE PEOPLE OF ANY OTHER STATE.

In view of all these facts it would seem to the average man that now is not a good time to vote for an experiment like State-wide prohibition that is certain to add to the tax burden. By voting against State-wide prohibition, the people of Virginia will escape the increase in taxation that is certain to follow its adoption.
